### Description

Edexcel French Grammar for A Level is a comprehensive grammar reference textbook for students studying for A level French.

It takes a contemporary approach to language and gives plenty of practice with graded reinforcement exercises.

It is based on Hodder Education's bestselling and authoritative Action Grammaire. In this edition the contents list maps the content to the revised Edexcel GCE A Level specification which is in use from 2008 onwards. It highlights the language and grammatical structures you need for the Edexcel AS and A2 exam.

Each chapter covers a specific grammatical point and is divided into three sections:

- Mécanismes provides clear explanations in English with examples in French.
- Mettez-vous au point! Includes graded reinforcement exercises to practice what has been explained, with a self-check answer key.
- ... Et en route! offers a range of open-ended communicative activities to encourage and develop the creative use of language using the grammar points covered.
